Barrow Alzheimer's and Memory Disorders Program Care Partner Forum

People diagnosed with dementia and their care partners have many questions as they face unexpected challenges. Join us as a panel of interdisciplinary experts addresses questions from the audience. Local vendors offering information on dementia care will also be present. This is an excellent opportunity to learn practical information on various key topics.

The live, in-person event includes a free breakout activity session for those with an early-stage mild cognitive impairment, featuring Shannon Wallace's Music, Movement, and Memory class. Space in the breakout session is limited, and some restrictions apply. Those interested in having someone with mild cognitive impairment participate in the breakout session must contact DeDe Berry directly. Her contact information is provided on the registration webpage.

Valley of the Sun JCC is a secured campus. All attendees will be asked to present a valid picture ID card upon entering the building. A free, kosher lunch will be available for registered participants.

Friday, Oct. 7, 2022
